

Present your clients with a unique solution to today's health demands

Reframe leverages technology, data and expertise to deliver proactive and ongoing support for employees impacted by unexpected and life-changing health events such as:

- A long-term illness
- A planned medical procedure
- Recovering from a procedure or operation
- Ad-hoc or ongoing caring responsibilities
- Concerns about or recovering from COVID-19

Enhance your long-term value & consultative approach

Quick, hassle-free onboarding

- Our programmes are fully managed by a dedicated account manager who will get your clients **set up in 2 weeks**.
- Focused on driving ROI, we'll monitor and review utilisation on a quarterly basis – feeding into your clients' communications plans.

A multidimensional & inclusive benefit

- We **wrap around and complement** your clients' existing benefits offering.
- We help employees determine the best course of action to ensure they utilise the right benefits at the right time.

Hyperpersonal employee support

- Our broad cover of health events means that we'll always be a timely benefit to employees.
- We support **individuals for up to 2 years*** to help them achieve their practical, personal and professional goals so they continue to be productive and engaged at work.

An engaging communications plan

- A bespoke **30, 90, and 180 day** communications plan, delivered by Reframe's marketing machine to guarantee employee awareness and utilisation.
- Plus, support for HR and line managers dealing with health events and making workplace adjustments.

Protect your clients' bottom line

- Reduce sickness absence and sustain productivity during unexpected health events.
- Reframe's priority is minimising disruption in the workplace – **accelerating access** to services and helping rebuild individual resilience to bounce back quicker where possible.
